EDUCATION

Bachelor of Technology in Computer Science, *GLA University, Mathura, CGPA/8.67*	June 2026
Intermediate, Rainbow Public School, Rudrapur, *Percentage/87.66*	May 2022
Minor in Artificial Intelligence IIT Ropar	Ongoing
High School, Rainbow Public School, Rudrapur, *Percentage/90.2*	May 2020

INTERNSHIP/ TRAINING EXPERIENCE

Competitive Programming Trainee,W3-Grad   June 2024 –July 2024
W-3 Grad -45 Days
- ◦ Completed intensive training focused on competitive programming techniques and problem-solving.
- ◦ Tackled various coding challenges to enhance algorithmic thinking and speed.
- ◦ Strengthened skills in data structures, algorithms, and optimization strategies for competitive coding..

Internship at Codsoft: June 2023 – July 2023
Online Internship
- ◦ During my one-month internship at CodSoft, I delved into the fundamental aspects of web development, focusing on HTML, CSS, and JavaScript. This experience provided me with a solid foundation in front-end technologies .I also made project like Calculator,Todo List,Login Sign Up page.

PROJECTS

News Website (Khabar Express)   **Github**
- ◦ Designed and developed a news website that delivers real-time news updates from various categories like technology, sports, and Health etc.
- ◦ Integrated category-based filtering to display tailored news articles.
- ◦ Used Bootstrap for a modern, responsive layout and JavaScript for interactive elements.
- Tech Stack: **Html , CSS, React js, Bootstrap**

Password Generator   **Github**
- ◦ Developed a fully functional password generator application using React.js for efficient state management and interactivity.
- ◦ Designed a sleek and user-friendly interface with responsive layouts using Tailwind CSS and HTML.
- ◦ Implemented dynamic features, including customizable password length and character options, ensuring security and flexibility.
- Tech Stack: **Html , Tailwind CSS, React js**

Premium Bag Shop :
- ◦ Developed an online store for luxury bags with product listings, categories, and secure user authentication.
- ◦ Integrated a shopping cart, wishlist, and checkout system with Stripe/PayPal payment options.
- ◦ Enabled high-quality image uploads, drag-and-drop functionality, and dynamic search features.
- Tech Stack: **Html , CSS, Node js,MongoDb, React**

SKILLS

Technical	Professional
C/C++,Python	Effective Communication Skills
Java, React ,Node js,Javascript	Team Work
Mongo DB	Interpersonal Skills

PROFESSIONAL ACHIEVEMENTS/ INSIGHTS

Enrolled in the Minor in Artificial Intelligence Program by IIT Ropar:

Currently pursuing this program, focusing on foundational and advanced concepts in Artificial Intelligence under the mentorship of Sudarshan Iyengar.

Accenture e-Certificate: *Certificate*

Data Analytics and Visualization Job Simulation: Developed skills in data cleaning, modeling, visualization, and client presentations through practical task.

Earned a Generative Badge from Google   *Certificate*

Leetcode: 350+ DSA Questions   *Leetcode-Id*

DECLARATION

I hereby declare that all the above mentioned information is true and correct to the best of my knowledge.
